## Special Tax and Rate Information for Current Fiscal Year

This Section of the Report summarizes the various elements which make up the levy for the current fiscal year and may also discuss the maximum tax rates and or actual tax rates authorized for the current fiscal year.

### Determinants of the Special Tax

The various components which determine the aggregate amount of the special tax that must be levied in order to ensure that either authorized and necessary uses of funds or obligations of the CFD for the ensuing fiscal year are described more fully below.

### Aggregate Special Tax Levy Requirement

Since 1989 the Chula Vista Elementary School District , acting on behalf of Community Facilities Districts primarily located in the eastern portion of Chula Vista, has issued a number of special tax bonds and certificates of participation ((COPs) in order to finance the acquisition of land and construct facilities on a number of elementary school sites that serve the CFD developments. Specifically, in 1989, the District issued its first Special Tax Bonds which were repaid from taxes levied in its first CFD. Since that time the District has issued additional debt under a bond-pooling concept in which taxes from multiple CFDs secure multiple outstanding debt issues.

Through December 31, 2021, four Special Tax Bond issues, eleven COP issues and a Letter of Credit have been issued to finance the construction of a portion of thirteen elementary schools and ancillary facilities to serve the various CFD communities. As a result of favorable market conditions, much of this debt has been refinanced and a total of nine refinancings transactions have been completed in order to reduce interest payments on the outstanding debt.

Currently, there are only three outstanding debt issues which have been partially allocated to CFD No. 1 and this includes the 2013 Refunding COPs maturing in 2028. the 2014 Refunding COPs maturing in 2030 and the 2016 COPs maturing in 2040.

The following Table summarizes the current year's special requirement which includes the aggregate principal and interest (debt service) obligation of CFD No. 1.

SPECIAL TAX LEVY REQUIREMENT (1)(2)	
Special Tax Levy Requirement <sup>(1)(2)</sup>	Aggregate Tax Required
Debt Service Principal Allocation	\$1,377,096.56
Debt Service Interest Allocation	\$400,002.54
Estimated Administrative Expenses	\$36,575.16
Direct Facilities Funding	\$766,572.06
Special Tax Requirement	\$2,580,246.32

(1) Includes special taxes levied on the Olympic Training Center which are direct-billed to the City of Chula Vista.

(2) Rounding adjustment incorporated so that the special tax obligation for each parcel is rounded to an even amount as required by the County of San Diego.

### Special Tax Components

The following discussion and tables provide more detailed information related to each of the various cost components utilized to determine the special tax requirement for the current tax year and as summarized in the previous Table.

## Debt Service Requirements

The annual debt service (principal and interest) due on the outstanding debt for the current fiscal year is shown in the following Table. Any outstanding debt service which may still be due and payable prior to the payments shown in the Table are to be paid, in part or whole, from other funds on hand or special taxes collected or to be collected from the levy of special taxes for the previous fiscal year.

DEBT SERVICE REQUIREMENTS FOR CURRENT FISCAL YEAR			
Debt Service Payment Date	Principal Due <sup>(1)</sup>	Interest Due <sup>(1)</sup>	Total Debt Service
Due March 1, 2024	\$0.00	\$200,001.27	\$200,001.27
Due September 1, 2024	\$1,377,096.56	\$200,001.27	\$1,577,097.83
<b>Total Debt Service</b>	<b>\$1,377,096.56</b>	<b>\$400,002.54</b>	<b>\$1,777,099.10</b>

(1) Reflects the allocation of debt service due for the current Certificate Year ending on September 1.

## Administrative Expenses

Total estimated administrative expenses associated with the financing district are shown below. These expenses have been allocated on a pro rata basis utilizing parcel counts, allocated data or a per CFD basis. Such expenses include fees charged by banks, bond counsel, financial advisors, and other consultants, as well as the cost of district staff required to administer the District. The following Table summarizes these estimates and a brief description of each expense item follows.

ADMINISTRATIVE EXPENSES	
Administrative Expense Item	Amount
Fiscal Agent (Bank Fees)	\$2,511.50
CFD Admin (District Staff and Tax Consultant)	\$31,063.31
County Tax Collection Fees	\$490.80
Continuing Disclosure & Compliance Reporting	\$401.84
Arbitrage Rebate	\$753.45
Auditor Fee/Legal/ Delinquencies	\$502.72
Contingencies	\$851.55
<b>Total Administrative Expenses</b>	<b>\$36,575.16</b>

"Bank Fees" include all Trustee fees and expenses related to bond and fund administration.

"CFD Administration" includes all activities of the Chula Vista Elementary School District Staff associated with annual administration of Community Facilities District No. 1. This includes, but is not limited to, the estimated costs to administer the special tax levy, monitor collections, review delinquencies and disburse funds of the CFD. CFD Administration also includes the cost of preparing the Special Tax Report and parcel tax information provided to the County of San Diego, in accordance with the fee structure described in the Agreement with Special District Financing & Administration.

"Arbitrage Calculation Fees" include costs, if any, associated with calculation of arbitrage rebate liability in accordance with IRS regulations.

"County Tax Collection Fees" refer to the County of San Diego processing fees of \$0.10 per parcel to levy and collect tax installments on the County property tax bill.

"Continuing Disclosure Fees" include costs associated with mandatory reporting requirements set forth in Amended Rule 15c2-12 (Secondary Market Disclosure) and includes the fees charged by SDFA for preparation of the Annual Disclosure Report. Website Reporting Services relate to SB1029 which requires that certain annual CFD information be posted on a website that is available for public access.

"Auditor Fees" represent a fair-share allocation of the fees charged by the District's auditing firm.

"Other Expenses or Contingencies" including expenses associated with tax appeals or other legal issues may also include costs to and prepare and record CFD maps and amended Notices of Special Tax. This may also include a "contingency amount" to provide for unforeseen administrative costs that may be incurred in the current fiscal year.

### General Obligation Bond Offset

In November of 1998 the voters approved a general obligation bond measure in the amount of \$95 million. At the time that the measure was placed before the voters it was determined that of the \$95 million dollars, a significant portion of it would be used to modernize facilities within the District which were largely outside the boundaries of the Community Facilities Districts. The remaining portion of the authorization would be used to provide for new facilities or upgrade existing facilities within the CFDs. Additionally, the District indicated to voters within the CFDs that if the bond measure were successful, then CFD special taxes would be reduced by a fair share amount (i.e., a General Obligation Bond offset) such that property owners would not be paying twice for CFD facilities.

Of the \$95 million bond authorization approved in November 1998, \$25 million in general obligation bonds were issued in 1999 (Series "A") of which the proceeds were primarily used to modernize three elementary schools - Cook, Halecrest and Palomar. An additional \$10 million (Series "B") was issued in 2000 and \$7.5 million (Series "C") was issued in 2001. Proceeds of the Series B & C Bonds were primarily devoted to the modernization of Juarez-Lincoln, Lauderbach, and Mueller Elementary Schools. Proceeds of the (Series "D") bonds were issued in order to finance the repair and rehabilitation of schools and the construction and acquisition of new classrooms and school facilities located at the Chula Vista Learning Community Charter (CVLCC) School.

The Series "E" bonds were issued in June of 2003. The proceeds were used to modernize Silver Wing and Los Altos Elementary Schools. Proceeds of the Series "F" bonds, issued in April of 2004, modernized Lomas Verde and Rohr Elementary. Proceeds of the Series "G" bonds, issued in May of 2005, were used to finance the repair and rehabilitation of schools and the construction and acquisition of new classrooms and school facilities within the District. In September of 2005, the Golden West Schools Financing Authority 2005 General Obligation Revenue Bonds (Chula Vista Elementary School Refunding) was issued to refinance the callable portion of the 1998 Series A and Series B General Obligation Bonds in the amount of \$29,230,000. Similarly, in November of 2010 the District issued refunding bonds in the amount of \$14,785,000 which defeased the remaining outstanding 1998 Series C and 1998 Series D bonds. In 2012 refunding bonds were issued to defease the outstanding Series E & Series F bonds and the 2013A Refunding Bonds defeased the Series G Bonds and the 2005 Refunding Bonds of the Golden West Authority. Finally, in 2021 taxable refunding bonds in the amount of \$5,450,000 were issued to defease the outstanding 2010 Refunding Bonds.

For Fiscal Year 2023/24 SDFA utilized preliminary general obligation rates provided by the County of San Diego that in the aggregate totaled 0.00006550 (\$0.06550 for every \$100 of assessed value). Of this rate, 0.002860 is allocated to repay the Series 2012 Refunding Bonds; 0.001780 is allocated to repay the 2013A Refunding Bonds (\$30,755,000) and 0.001910 is allocated to repay the 2021 Refunding Bonds (\$5,450,000). Utilizing assessed value information provided by the County of San Diego, the District has applied this same rate to properties within the CFDs.

The following table shows the Assessed Value and corresponding general obligation bond offset amount for the CFD:

GENERAL OBLIGATION BOND OFFSET CREDIT	
General Obligation Credit Component	Amount
Assessed Value	\$3,460,933,249
GO Bond Offset Rate	0.0066
General Obligation Bond Credit	\$226,349.92

(1) General Obligation Credit Amount shown may be less than the computed amount if the assessed value of one or more taxable parcels would cause the offset to be greater than the CFD tax amount.

## Allocation of Special Taxes

The Rate & Method of Apportionment ("RMA") for CFD No. 1 provides that properties for which a Final Map has been recorded will be classified as Category II Properties and subject to a per acre tax tied to the current Base Tax Rate ("BTR"). The RMA also provides for properties that were permitted as of March 1st of the preceding fiscal year be classified as Category I ("Developed" Property. These developed properties are further classified as Residential, Commercial or Industrial property and then taxed on a per dwelling unit basis within stratified square footage ranges if classified as Residential; on a per square foot basis if classified as Commercial Property and on an acreage basis if classified as Industrial Property.

The resulting allocation of the aggregate special tax to the various classifications set forth in RMA are summarized in the following Table:

ALLOCATION OF SPECIAL TAXES				
Development Type	Dev. Status	DU/Sqft*/Acre**	Taxed Amount	
Single Family Dwellings	Developed	3,495	\$1,375,070.32	
Condominiums/Townhomes	Developed	1,463	\$428,456.70	
Apartment Units/OTC Dorms	Developed	46	\$8,692.38	
Senior Housing	Developed	0	\$0.00	
Commercial Development *	Developed	1,519,862	\$637,372.94	
Industrial Development **	Developed	82.80	\$106,560.20	
Final Map Property **	Undeveloped	24.70	\$24,093.78	
Totals for Current Fiscal Year	Total DUs Only:	5,004	\$2,580,246.32	

## Tabulation of Average Tax Per Taxable Unit

Pursuant to the Rate & Method of Apportionment, the Base Tax Rate is adjusted each year by the annual percentage change in the Building Cost Index for the City of Los Angeles as published in the Engineering News Record. Thus, until a property is classified as Developed its tax rate increases by an index provided that the annual change will not be less than two percent. After development, a parcel's maximum tax will increase by no more than two percent annually. Due to this structure, dwelling units of similar size may be taxed at different rates depending upon the year that they were constructed with newer properties typically taxed at slightly higher rates than older properties. The following Table summarizes the average tax per taxable unit for each of the property classifications set forth in the RMA:

AVERAGE TAX RATE BY DEVELOPMENT TYPE			
Development Type	Taxable Units	Taxed Amount	Avg. Tax Per Unit
Single Family Dwellings	3,220 Dwellings	\$1,375,070.32	\$427.04
Condominiums/Townhomes	1,428 Dwellings	\$428,456.70	\$300.04
Apartment Units/OTC Dorms	46 Dwellings	\$8,692.38	\$188.96
Senior Housing	0 Dwellings	\$0.00	\$0.00
Commercial Development	1,458,099 Sqft	\$637,372.94	\$0.44
Industrial Development	82.80 Acres	\$106,560.20	\$1,286.96
Final Map Property	23.48 Acres	\$24,093.78	\$1,026.14

## Tabulation of Dwelling Units within the CFD

Construction of the first dwelling units within this CFD commenced in 1987 and as previously mentioned, there are still a few remaining residential lots that still remain undeveloped. The term of the tax for this CFD is authorized to be levied for a twenty-five year period subsequent to development. Thus, many units located in this CFD are no longer being taxes because their authorized tax term has expired or because they have prepaid their tax obligation. The following Table summarizes the status of the residential units within the CFD:

TABULATION OF DWELLING UNITS WITHIN CFD	
Residential Unit Component	Dwelling Units
Dwelling Units Expected at Buildout	9,558
Less Unpermitted Dwelling Units	(6)
Permitted Dwelling Units	9,552
Less Prepaid Or Terminated Dwelling Units	(4,858)
Dwelling Units Taxed for Current Fiscal Year	4,694

## Administrative Activities for Previous Fiscal Year

This Section summarizes various administrative actions or activities related to the District for the previous fiscal year and may also discuss information of obligations of the District with respect to any of its outstanding debt obligations.

### Development Activity

With the exception of several remaining custom home lots known as the Gates which are located in the easternmost part of the Eastlake community all residential development within the CFD is complete. There are also a couple of remaining undeveloped or underdeveloped commercial/industrial lots which are located in the Business Center II portion of Eastlake.

### Construction of Public Improvements

All debt-financed public improvements which were funded with debt allocated to this CFD have been completed. However, additional "direct-funded" projects still remain to be constructed which will benefit the CFD

### Policy Issues and Administrative Activities

The following activities and decisions occurred during the past year and have implications for either the calculation or the collection of special taxes.

#### Special Tax Appeals and Direct-Bills

A single direct-bill was generated for the athletic dorms located at the Olympic Training Center. As this property is owned by the City, the City must be billed directly for this tax obligation.

#### Other Administrative Activities

A single-parcel located within CFD No. 1 prepaid their remaining tax obligation during FY 2020/21. No other additional administrative actions were the previous fiscal year.

### District or Debt-Related Reporting Obligations

This Section contains information relevant to certain reporting requirements imposed by certain regulatory agencies or as set forth in various bond covenants made in conjunction with the issuance of bonds.

#### CDIAC Report (California Debt and Investment Advisory Commission)

California Government Code requires that certain information be provided to CDIAC each October for bonds issued after January 1, 1993. Only debt issues for which special tax monies are pledged to make debt service payments are subject to the rule. Under the District's bond-pooling program, the outstanding COPs are an obligation of the District and as such, they are not subject to this CDIAC filing requirement.

#### Secondary Market Reporting Requirements (Rule 15c2-12)

Secondary Market Reporting Requirements are applicable only to certain debt issues dated after July 3, 1995. All of the District's current outstanding debt issues for which an allocation has been made to one or more CFDs are subject to Rule 15c2-12; As such, SDFA assists the District with both the preparation, filing and dissemination of these Reports.

#### Arbitrage Rebate Calculations

Arbitrage Rebate Calculations for the outstanding COP issues for which bond proceeds were realized to fund facilities and for which unexpended proceeds still remain are subject to the computation of rebate. All proceeds of the outstanding debt issues for which a portion of the debt service has been allocated to the CFD

have been expended and the debt service funds have met the requirements to be deemed to be bona fide and not subject to rebate requirements.

The following Table summarizes the various reporting activities and filings during the previous fiscal year:

## District and Bond Reference Data

The Section contains historical information pertaining to the proceedings conducted to form the District and may also describe the boundaries of the District as well as specific debt-related requirements of the District.

### Mello-Roos District Proceedings

The Mello-Roos Community Facilities Act (Act) of 1982 came about as a response to the lack of adequate financing for public capital facilities and services in the post-Proposition 13 era. State Senators Mello and Roos sponsored this Bill which was enacted into law by the California Legislature and is now Sections 53311 through 53363 of the California Government Code. The Act, as amended authorizes a local governmental agency, such as a city, school district or other qualified municipal agency, to form a Community Facilities District (CFD) within a defined set of boundaries for the purposes of providing public facilities and services. A CFD is formed for financing purposes only, and is governed by the agency that formed it.

### Special District Formation Summary

The following table shows formation proceeding information and applicable bond authorization information for the CFD:
